1 Examples

Example 1 is a numbered conversation analysis example:

(1)   Anton: Lorem ipsum dolor sit amet, consetetur sadipscing elitr, sed
             diam nonumy eirmod tempor invidunt ut labore et dolore magna
             aliquyam erat, [sed diam] voluptua.
      Zita: [ero eos et]

   conan environments can easily be mixed with example environments from the covington
package. Both use the equation counter for numbering.

(2)   Covington Example

   The next example is a conan* environment without numbering.

      A: Lorem ipsum dolor sit amet, consetetur sadipscing elitr, sed
         diam nonumy eirmod tempor invidunt ut labore et dolore magna
         aliquyam
         erat, [sed diam] voluptua.
      Z: [ero eos et]
